## CATCH THE FEELING OF FLYING

Recreational classes are run in age streamed co-educational groupings to create a positive social environment. Skyriders strives to exceed all COVID-19 requirements. We now have 6 trampolines and we are capping class sizes at 12, so 2 athletes will share one trampoline for the entire class. The athletes and the coach(s) will not change during the session. There is a maximum one class per week during the fall session, and no make-up classes; this will insure there is no mixing between classes. Screening questions and temperature checks at the start of each and every class, facial masks and distancing are mandatory for anyone entering or using the facility (masks can only be removed while taking a turn on the trampoline). For warm up and cool down, each athlete will have their own individual area which they will be required to wipe down at the end of each class. All students 12 years old and older must be double vaccinated against COVID. Students of 8 to 11 years of age may not attend the 12 and up classes. This is to reduce the risk to your family.
